Great Flood.—The Goldsboro' Star says : Neuse river has donned her holiday attire, and sweeps pompously along, destroying crops, and blasting the prospects of the farmer throughout the land. At this point, great apprehension is being felt, not only for the growing crops, but for the health of our town and country. It is estimated by gentlemen acquainted with the location of the river crops, that in a distance of 15 miles, commencing about 10 miles above Goldsboro', that there is not, light Thursday morning, the river rose 20

Whole plantations are entirely submerged and in many localities the water extends uninterruptedly for miles.

Every one looks gloomy enough and with good cause, for if we are not blessed with a late and favorable fall, the prospect for great suffering and pecuniary embarrassment stares all in the face.

The line of Railroad has suffered severely -several places having washed away on the Wilmington and Weldon Road and two serious breaks on the branch, which will probably prevent any communication until Saturday. The town is almost entirely water bound,

REVIEW OF THE WILMINGTON MARKETS FOR THE

WEEK ENDING WEDNESDAY.

July 3, 1867.

Medium \$0 @ 46

TURPENTINE .- The market has ruled quite firm during the past week, and all received has been readily taken, both by shippers and distillers, at former quotations. Owing to the continued high stage of the river the arrivals have been Farmers' Bank, ... 20 small, and for the week comprise only 852 bbls., all of which has changed hands at \$3 35 for soft and \$1 671 for hard, \$\mathcal{D}\$ bbl. of 280 lbs.

SPIRITS TURPENTINE .- During the early part of the week just ended there was a moderate enquiry from buyers, and the market ruled steady at 5200 52½ cents. The unfavorable tenor of the advices from the Northern markets for the past day or two, however, has somewhat affected prices, and the market is rather weak at present-sales being made to-day at 511 cents, which is a decline of 1@12 cent on previous quotations. The quantity coming to market is quite small, and there is lit-tle or no stock held here in first hands, and holders generally are therefore not disposed to press sales at present, preferring to await further ad

vices. The sales are as follows: Friday ... 109 bbls. at 521 cents # gal. Saturday ... 291 " 52@52# " Monday....234 " " Do 173 " " 521 44 44 44 Tuesday....262 " " 66 46 65 511 Wednesday . 70 "

Rosin .- Since the close of our last review the market has ruled quite steady, and parcels have 1867. generally found ready sale when offered. In the wer grades we have no change to report as regards prices, and the market is firm at quotations given below. The finer grades are in better request than noted in our last, and the market closes at an improvement on previous prices.—
Owing to the meagre arrivals, both by river and rail, the stock in receivers' hands has become very much reduced, and is unusually small for the sea-

son. The sales and re-sales for the week are 2.479 bbls at the following prices: Commo black \$2 50; stran ed, \$2 60@\$2 70; No. 2, \$2 The Judiciary Committee and Impeach- @\$3; No. 1, \$3 50@\$5 75 for low, and \$4@\$4 75 for fair to good; Pale \$4 75@\$5; and "window glass" \$7-all & bbl. of 280 lbs.

TAR-Has been in active request for shipping purposes, and the arrivals for some time past have been very light Unly about 50 bbls. received for the week, which were taken at \$3 50 bbl .- being an advance of 50 cents on former quo

SHEEP are in moderate supply, and at present there is only a light demand. Sell at \$2 50@\$3 50 each. BARRELS. - The market continues to be fully supplied with empty spirit barrels, and the demand is unusually limited. We quote from wharf, in lots to suit, as follows : Second hand, \$3@3 25 for lots BEESWAY. - Is wanted, and readily commands 33

@35 cents per th. Cotton.—None of consequence arriving, and only a few small lots on market. Buyers generally sales have been reported for the past week. We quote nominally at 22 cents for middling. Conn Meal—Stock light, but sufficient to meet

present demand. We quote from the mills at \$1 45@\$1 50 W bushel. Eggs-Are brought to market slowly, and sell

by the quantity at 25 cents ? dozen. Pacific do. \$75@\$80; Patapaco do. \$70; Kettlewell's Manipulated do., 360@\$70; Snowden's Manipulated do., \$75; L. F. Coc's Superphos hate of Lime, \$66; Ober's Cott in and Corn Compound; \$65; Baugh's Raw Bone Phesphate, \$60@\$65, Snowden's Ammoniated Potash Phosphate, \$65; Zell's Superphosphate of Lime, \$00; Zell's Raw

Bone Phosphate, \$65; Rhodes' Standard Manure,

FLOUR-The market since our last has ruled \$10 50@\$11 for extra superfine, \$12 50@\$13 for family, and \$14@\$16 50 for extra famil, "Wil 50 for superfine, and \$14@\$15 \$ bbl. for family. GRAIN. - The CORN market has rul d with more firmness since our last, and prices are better. In consequence of the meagre arrivals for the past we k or two the stock in dealers' hands has bequate to supply present wants There is a brisk iemand, and a few cargoes would eadily sell at

121@13 cents F h. by the package.
HAY.—The demand is light, and the market is King George, of Bonny, an authentic very well supplied. About 300 bales Northern renthropophagus, is going to the Exposiwharf at \$1 75 @ 100 lbs., and the balance on terms not made public.

The Marquis of Hastings is reported to LIME. -Only a local demand, and the market continues to be fully supplied. Sells fr m store in lots to suit at \$1 75@\$2 % cask, as in quality Molasses .- The market is well supplied with all We refer to our table for store quotations, as in quantity and quality. PEA NUTS .- Are in demand, and market bare.

> POTATOES.—The market is moderately supplied with new crop Irish, and we quote from carts at POULTRY .- We quote chickens at 25@40 cents, 531 and grown fowls at 50@55 cents each. PROVISIONS-For N. O cur d Bacon there has een a brisk demand for jobbing lots throughout the week just ended, but in the absence of receipts Turpentine # 280 fbs | no sales of consequence have taken place. With

the exception of a few small lots in the hands of retailers, the market has become entirely bare. 16@17 cents for hog round, and 18@20 cents per It for hams, as in quality. The supply of Western continues fully fair, and only a small business doing from store at 111@12 cents for shoulders 13@14 cents for sides ____ LARD - Only a retail demand, and the market is moderately supplied. We quote from store at 1^r½@17 cents for North 51½ Carolina, and 13@16 cents per lb for Northern. -PORK-The market continues to be moderately sopplied, and only a retail business doing. We refer to our table for store quotations. SALT-Supply fair, and we quote in the small way from store at \$2 40@\$2 50 per sack for Livepool ground, and 60@621 cents per bushel for

SHINGLES-Only a light demand for building purposes, and we quote small sales at \$3 25@\$3 50 for Common, and \$4@\$4 50 \$ M. for Con-

TIMBER-Owing to the high stage of the river it is impossible for "rafts" to reach market at present, and consequently none has arrived during the week; we have, therefore, no sales to report, and quotations are merely nominal. Wood-Is in demand, and scarcely any coming in. We quote by the boat load at \$3@\$3 50 for

FREIGHTS - We have nothing new to report in this market. Country produce is arriving slowly, and but little offering shipment at present, and the market to all ports rules quite dull. Our quotations in table are for last rates paid.
